April Landscape Tips

- Fertilize your lawns with a slow-release fertilizer if you have not already done so.
- Begin your fire ant control. Use a broadcast ant bait on your entire yard and spot treat any mounds that you see.
- Plant your citrus trees.
- Fertilize roses and water in well. Repeat every 4 to 6 weeks for the remainder of the growing season.
- Be vigilant with weed control. Mulch your beds to help discourage weeds and to conserve moisture.
- Prune your plants to remove any freeze damage. Cut them back until you see green.
- Fertilize all spring blooming shrubs.
- Prune your azaleas after they have finished blooming.

A New Name For Tuscan Lakes?

What if we came up with a new name for Tuscan Lakes? We're not talking about an official name change, but rather a word that best describes all our community has to offer.

When we mentioned our idea to residents, time and again they used the same word to describe Tuscan Lakes: AWESOME. That's what led us to create a new name for the community ... "Awesomeville!"

Beginning this month you'll find signs for Awesomeville throughout the community – in local businesses, on ornamental light poles and other prominent spots. As a Tuscan Lakes resident you are exclusively receiving the attached Awesomeville sticker for your car.

You can also help spread the word of Awesomeville at our Facebook page, www.facebook.com/tuscanlakes where you can let us know what makes Tuscan Lakes awesome. Plus, tell your friends about the Tuscan Lakes Open Homes Tour, April 13-29, complete with a new model home from DR Horton.

After all, who wouldn't want to live in a place called "Awesomeville?"
