GOLF CARTS IN TUSCAN

League City golf cart drivers are now required to have a valid driver's license and obtain a permit to use the vehicles on city streets. A new ordinance, approved by the city council, also requires safety equipment be used when driving on public roadways and orders city inspections for each vehicle. Golf carts are not allowed on federal, state or county roadways and may not be driven faster than 35 miles per hour. The vehicles may not be driven in inclement weather. Required safety equipment includes operational head and tail lamps, side reflectors, parking brake, rearview mirror, slow-moving vehicle emblem and electric horn.

Please note that while the City of League City has passed an ordinance allowing permitted golf carts to be operated on the streets of the city, Tuscan Lakes Community Association prohibits the use of golf carts and other motorized recreational vehicles on all walkways, trails, pathways and common areas of Tuscan Lakes.

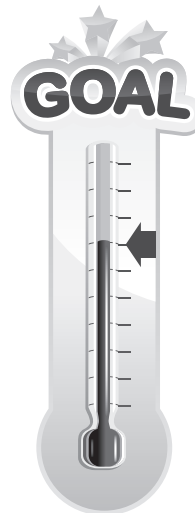

The permit inspection fee is \$50.

Permit applications may be found at www.lcpd.com. For more information visit www.leaguecity.com/golfcarts.

CITY ROADWAY IMPROVEMENTS

The City of League City is planning to rebuild Austin Street from FM 270, east to Louisiana Avenue. The roughly \$1.5 million project will convert the rural asphalt, open ditch roadway to concrete curb and gutter pavement, with concrete sidewalks on both sides of the roadway and an enclosed underground storm sewer. Bids are expected in August followed by a fall construction start. It will likely take several months to complete this much needed improvement.
