**May Landscape Tips**

- Plant caladiums for summer color once the soil has reached 70°.
- Prune and fertilize your azaleas after they have finished blooming.
- Fertilize roses, following manufacturers instruction and water in well. Repeat every four to six weeks.
- Weed your beds and apply mulch to discourage growth, maintain soil temperatures and retain moisture.
- Check your irrigation system to ensure that it is operating properly.
- Pinching back growth on newly planted annuals and perennials will result in shorter, more compact, well-branched plants with more flowers.
- Remove foliage that has yellowed from spring blooming bulbs

## Tuscan Lakes Community Blood Drive

June 2 • 10am-3pm

**It takes TWO to save a LIFE!** Yes, you can save a life! Those of us blessed with good health can share it—through donating blood—to enable a premature baby to live, a burn victim to recover, a cancer patient to be treated, an accident victim to survive, or a transplant candidate to have a life-giving surgery.

Tuscan Lakes has teamed up with UTMB for a community blood drive. The blood drive will be on Saturday, June 2nd from 10am-3pm at Cypress Point Recreation Center. To sign up, call the Tuscan Lakes' Information Center at 281-332-5450x110 or email [lifestyledirector@tuscanlakes.com](mailto:lifestyledirector@tuscanlakes.com).

# HURRICANE SEASON APPROACHES...

Texas' hurricane season officially begins in June, so now is the time to begin your preparations at home. Beginning this month, residents should begin planning for the care of property and pets in the event of an evacuation or a shelter in place announcement. Preparations should include taking photos of your pets and property and making lists of the property within your home (i.e., furniture, electronic equipment, clothing, etc.) as well as the exterior your home (i.e., landscaping, pools, patio furniture, home exterior). Make sure that your pet's vaccinations and identity tags are up-to-date, and that your vet has your current contact

information. Keep photos, lists, and contact information in a water proof, easy to carry container. You may also want to email this information to a relative or friend who lives out of the area. Check these websites now to help with your plans and for ideas of what to include in your evacuation kit: Federal Emergency Management Agency at [www.fema.gov/plan/prepare](http://www.fema.gov/plan/prepare); American Red Cross at [www.redcross.org](http://www.redcross.org).
